

The Newcastle Arts Council is planning for a mural made of recyclable products and we need your help!

Save those milk jug caps, juice lids, vitamin bottle tops, peanut butter jar covers, and any vibrant plastic cap you can find. The more colorful the better!

Your recycled treasures will transform into an eye-catching mural that tells a story of creativity and sustainability.

Make sure they're clean, then swing by Newcastle City Hall and drop them at:

**12835 Newcastle Way Suite 200
Newcastle, WA 98056**

We're collecting during regular biz hours.

Big thanks for adding your splash of color to our community canvas!
